

MERN stack developer and
Electronics Enthusiast

Ramganj, Laskmipur, Bangladesh

I am a **MERN stack developer** proficient in JavaScript, React.js, Node.js, and MySQL database. I have a strong passion for electronics and am currently a Research Scholar. My academic background includes a Bachelor of Science in Electronics and Telecommunication Engineering from Rajshahi University of Engineering Technology. I have completed several electronics projects and have a solid foundation in basic electronics. As an electrical enthusiast, I have built various kits, including a line following robot and a water level indicator. I am eager to continue expanding my knowledge and skills in both web development and electronics. Importantly, I am a team player who excels at collaborating with relevant individuals in a productive and positive manner. Moreover, I have the ability to manage a team effectively, ensuring smooth operations and successful project outcomes

SAIFUL ISLAM

S T U D E N T

EDUCATION

Rajshahi University of Engineering and Technology, Rajshahi

2022 – Present

C.G.A- 3.36

B.Sc in Electronics and Telecommunication Engineering

EXPERIENCE

Assistant ICT Secretary at RUET Career Forum

2024 - Present

As the Assistant ICT Secretary, I oversee the management of Website related activities and support the development of digital resources to enhance the functionality and outreach of the Career Forum.

Executive Member at RCF-RUET Career Forum

2023 - 2024

Contributed actively to the Developer and Business & Marketing teams, demonstrating versatility and commitment in driving the forum's initiatives and growth.

Research Scholar

2023 – Present

As a Research Scholar since 2023, I've been actively engaged in power electronics research and project-based studies.

VOLUNTEER EXPERIENCE

RCF 8th Carrier Fair HR Management Team member

2023

I built and maintained relationships with participating partner, ensuring that their needs were met and that they had a positive experience at the fair. I also provided feedback and support to help them improve their business efforts.

Charity Work

2023

Organized and executed a charity fundraiser to raise money for a hopeless wife for his husband medical treatment.
